

LIABILITY:

The enrolled participant and/or the parent/guardian of the participant recognize and understand that swimming is a Physical activity. In such there are risks inherent in the instruction and sport of swimming including but not limited to paralyzing injuries and the possibility of death. The participant hereby agrees to participate in The Swim School program and hereby agrees to indemnify and hold harmless The Swim School (and Realhab Physical Therapy, Aquatics and Wellness Center), its coaches, teachers, instructors, officers, directors, agents and employees against any liability resulting from any injury that may occur to the participant while participating in The Swim School aquatics programs. The participant also agrees to indemnify The Swim School (and Realhab Physical Therapy, Aquatics and Wellness Center) for any damages incurred arising from any claim, demand, action or cause of action by the participant. The participant and/or parent/guardian authorizes any representative, coaches, teachers, instructors, officers, directors, agents or employees of The Swim School (and/or Realhab Physical Therapy, Aquatics and Wellness Center) to have the participant treated in any medical emergency during their participation in the swim program. Further, the participant and/or parent/guardian agree to pay all costs associated with medical care and transportation for the participant. Please notify staff of any medical/health issues they should be aware of prior to the start of lessons.

PHOTO AND VIDEO POLICY:

I am aware that individual and group publicity photos and videos are taken from time to time and in consideration for my or my child(ren)'s participation, I hereby grant my permission for my or my child(ren)'s likeness to be used in company publicity and/or advertising.

REALHAB USE:

Realhab Physical Therapy, Aquatics and Wellness Center facility use outside of swim instruction is for their members and clients only.

SAFETY:

All children must be accompanied by an adult and directly supervised before and after their swim lesson classes. There are no lifeguards at the facility, so adults are encouraged to assist the instructor in monitoring their child(ren) throughout the swim lesson classes to ensure additional safety.

EQUIPMENT:

All equipment will be supplied by The Swim School. Towels will not be supplied so please have a towel for your child(ren). Long hair should be tied back with a hair tie. For advanced swim levels, goggles are highly recommended for improved vision, comfort and performance. Please supply your child(ren) with a pair of goggles for advanced level classes.

PAYMENT:

Payment must be made online prior to the first lesson. All online payments are non refundable after the completion of the first lesson.

GROUP LESSON SCHEDULE:

Students may not be moved to a different class or time once classes are full. Additional classes may be scheduled due to demand. Class times are subject to change from session to session.

GROUP LESSON SWIM LEVELS:

The instructor reserves the right to change a student's swim level and class in accordance with their swimming abilities as necessary throughout the duration of a swim lesson session if

deemed necessary.

CLASS OBSERVATION:

In order to foster the best learning environment for each student enrolled in The Swim School programs, the least amount of distraction is required. For students to remain focused and fully attentive to their instructor during swim lesson classes, parents and other family members are permitted on the pool deck but must view students from the designated observation area (except for the Parent & Infant-Toddler class where in water participation by an adult is required). We know this may be difficult, but students respond better to the instructor when they are without direct parent or family member involvement. If a student does not participate right away, it's OK. They will watch and learn. If there is a problem, the instructor will come to you.

SEVERE TROPICAL WEATHER:

In the event of severe tropical storms or hurricanes, The Swim School may cancel swim classes if the Realhab Physical Therapy, Aquatics and Wellness Center needs to close its facility. The Swim School will either make up or partially refund canceled classes due to severe tropical weather.

MAKE UP CLASSES:

Make up classes will only be scheduled if swim lesson classes are canceled by the instructor. Because of the progressive nature of The Swim School programs, limited class sizes and limited instructor availability, no special make up classes will be offered for lessons missed by participants due to holidays, vacation, illness, etc. However, it may be possible to accommodate a make up class for a student if the same class is available on a different day/time that is not full.

PARENT & INFANT-TODDLER CLASS:

This is not an infant survival/self-rescue course. The purpose of The Swim School Parent & Infant-Toddler program is to provide children with a positive experience in the water where they will develop trust and confidence through songs and play to learn basic water skills that progress to independent swimming.

- In-water participation of a parent, guardian, or other trusted adult is required for all children attending a Parent & Infant-Toddler swim lesson class.
- Students must wear swim diapers.
- Please remember all children learn at different rates. Don't be upset if your child's initial reaction to the water is to cry. It may take a few times for your child to become accustomed to the surroundings. Be patient with your child and praise him or her as they attempt new skills.
- Submersions controlled by an adult will be practiced safely.

END OF SESSION:

At the conclusion of a group swim lesson session, each participant will receive a progress report and a certificate of participation. The instructor will indicate on the progress report which class level the student should register for in the next session.
